

# TEAM ETHOS

This Team is Evangelical in a positive, joyful and full sense of the word.

We want to be centred on the person of the Lord Jesus; to live out the fullness of life that is ours in Jesus through the power of His Spirit so that all we are and do might bring glory to him.

We want to be rooted in the Scriptures as the best way to get to know God and help others to do so. Therefore the exposition of the Bible is at the centre of our teaching. All variety in understanding and spirituality in ourselves and these churches must be tested against Scripture.

We want to reach out with the good news of Jesus to the parish and the town, so that more and more come to know the living Lord Jesus. To this end we aim to be involved in the community, sharing the love of the Lord Jesus in word and deed.

As a staff team we work as fellow Christians, supporting each other; working together to share our resources and talents (depending on particular areas of expertise).

As a team we respect the different styles/ approaches of the districts we have been asked to serve and in this we seek to be open to each other rather than militant in our approach.

In current practical terms we are committed to a pattern of meeting together every week for a Team Staff Meeting and for prayer at 8.30am on a Wednesday. The pattern is always open for review but the underlying commitment is essential.
